Steeplechase Regional Round 1

Saturday, June 13, 2026 * Mid-Atlantic Regional * Karen Gloor

1-2-3-5/Weaves=5

Opening:

Accumulate points as usual with the following rules:

- * start with the start jump...it may be taken twice for points
- * may do anything twice successfully for points
- * may NOT do contact-to-contact OR back-to-back
- * may do the on-course gamble ONCE for an extra 10 points
- * the on-course gamble does NOT count in the "twice for points" edict...you can still do those obstacles twice for points in the opening
- * finish jump is live AFTER the gamble horn sounds

Times:

C20/24 P16/20: 28 sec.

C12/16 P8/12: 31 sec.

C8 P4: 34 sec.

Closing:

When the horn sounds, if your dog is in the middle of an obstacle, you will get the points for the obstacle as long as your dog finishes it correctly.

I will yell BONUS indicating that we are now in the Closing/Bonus section of the gamble.

Take anything you want up to TWO TIMES for points but NO Back-to-Back will be allowed. Values for each obstacle are:

Jumps: 5 points

Tunnels/Tire: 3 points

Contacts: 2 points

Weaves: 1 point

IF an obstacle is faulted, point accumulation ends...head to the Finish jump

IF the horn sounds, head to the Finish jump...you will lose 2 points per second over time. We will round DOWN so if you're over time by .98 seconds, you will not lose any points.

Times:

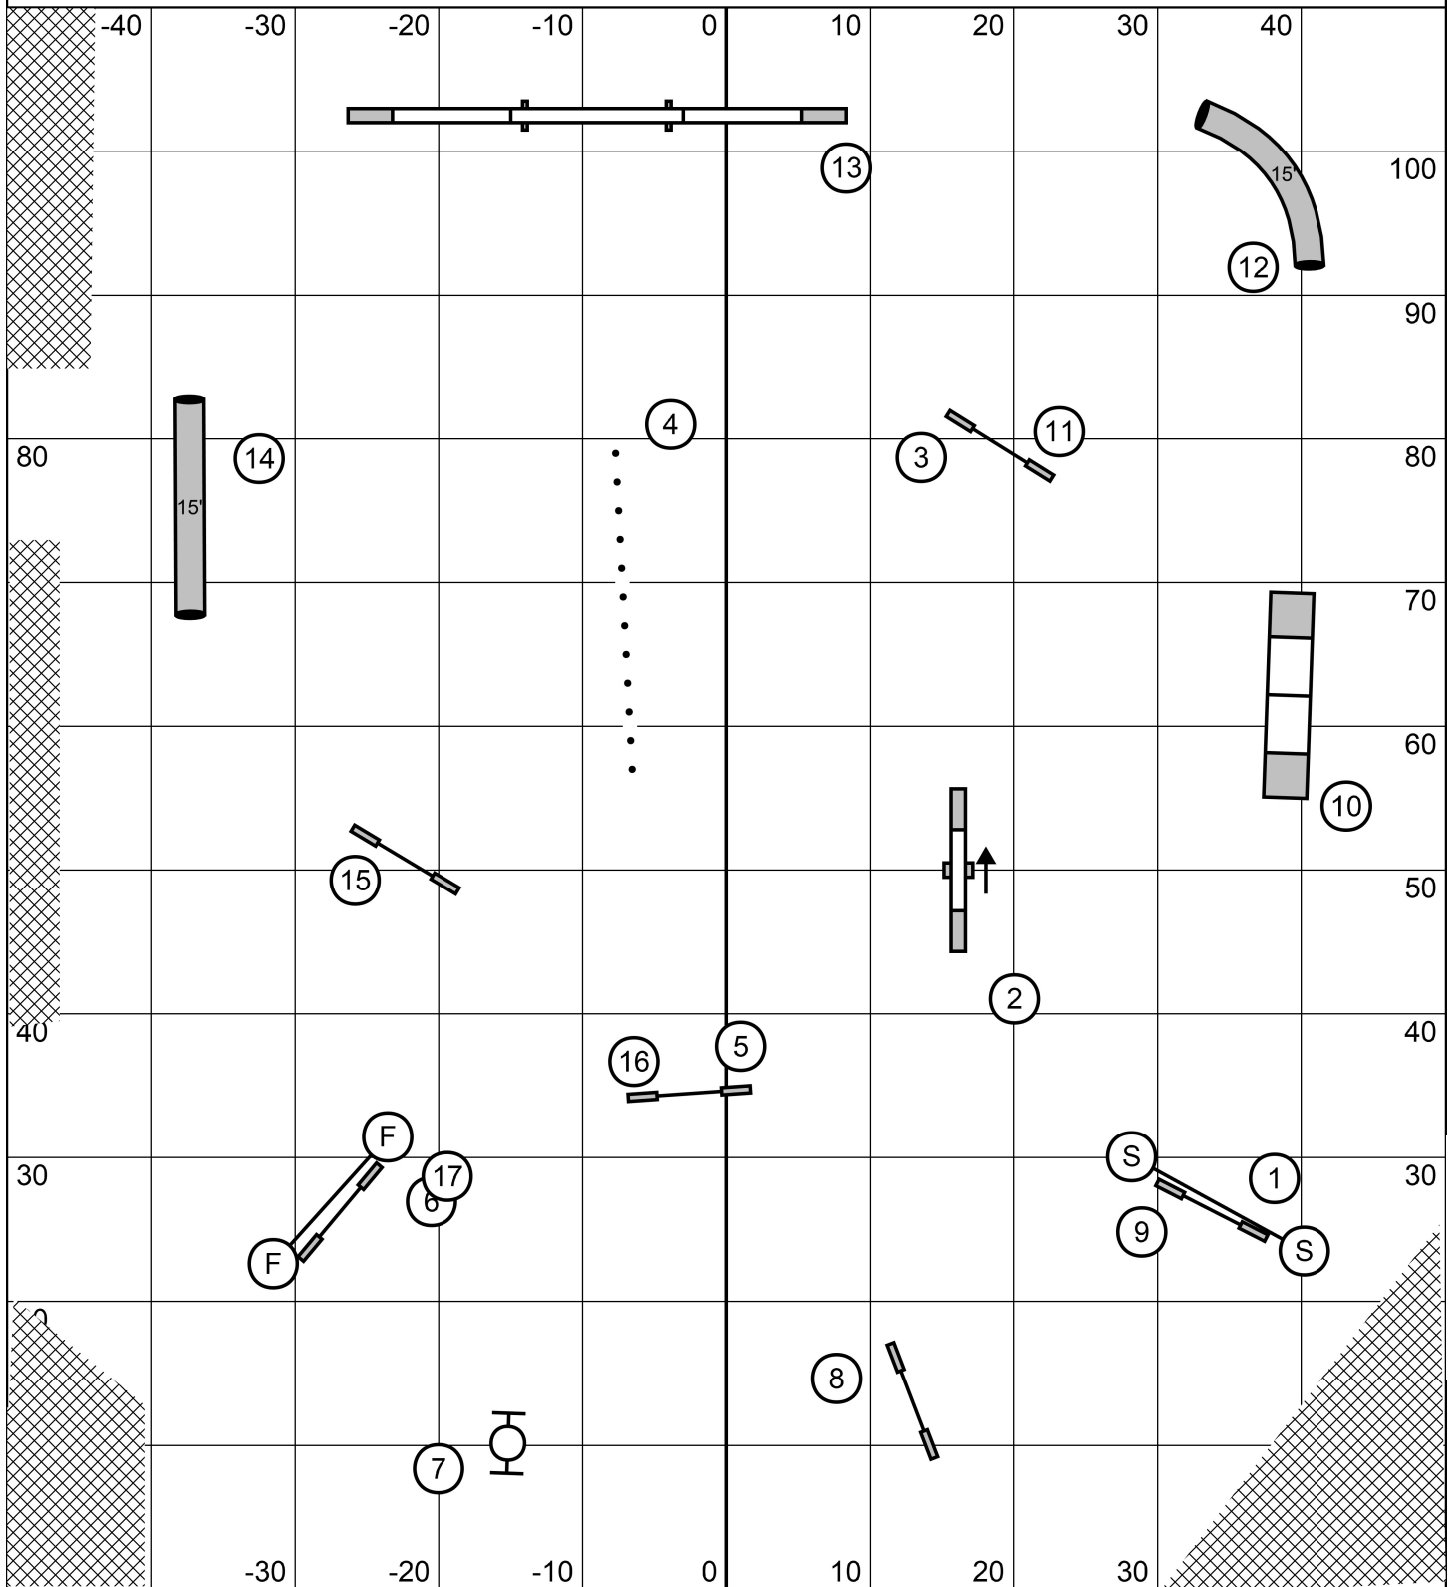

C20/24 P16/20: 16 sec.

C12/16 P8/12: 18 sec.

C8 P4: 20 sec.
