Please ensure you understand the new criteria regarding dogs being measured. [UKI Rule Book edition 11](#). If a dog is under 3 and newly registered, a temporary measure or proof of the dog's height must be done by the dog's 3rd trial. A permanent measure must be obtained by a UKI official measurer between 12-18 months after the dog's first/ temporary measure. Any registered dog that only has a temporary measure, must follow the above rule. If a newly registered dog is over 3, they must obtain a measure by an official UKI measurer by their 3rd trial and this measurement will be permanent. If you ask for a challenge measure when you have a permanent measure, you must state this when you are getting the dog measured so the correct protocol can be followed and you may not continue to challenge a measure when you have challenged it once.

The building will be open at 7:30am.

Some site information:

If it is a very wet and muddy weekend, you will need to bring a clean pair of shoes to wear in the ring. No muddy shoes in the ring. Also, no muddy dog feet in the ring.

Indoor “real” bathrooms – please don’t bring your dogs inside with you 😊

Indoor crating is available. Use a tarp, plastic or mat underneath your crates or Xpens. Please consolidate crating as much as possible.

No grooming in the building.

Dog must be on leash at all times except when in the ring. Exercise and toilet your dog in the designated areas. Please poop and scoop and use garbage containers on the site. Be courteous to others using the area. No aggressive dogs.

Exhibitors are responsible for cleaning up after their dog(s). Any exhibitor failing to do so may be excused without benefit of refund if the Trial Committee deems the exhibitor to be in violation of this requirement.

Do not let your dogs on the neighbor’s property. No dogs allowed in the front of the building by the pond area by the docking areas. Dogs must remain in the areas of the NORTH of the building. Signs will be posted accordingly.

Bitches in season are allowed and will run in their assigned spot in the run order. The BIS must wear well-fitting pants – no droopy drawers!!! The handler/owner acknowledges the inherent risk of running a dog on an agility course with BIS pants on and assumes all risk by doing so. Handler/owner will minimize walking the BIS around the grounds and will attempt to crate away from congested areas.

Gold star for you for reading this far
